

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. HISTORY

OF THE

CHICOPEE TOWN LIBRARY.

The origin of the Library which now bears the above name was in the association called the "Cabot Institute," a club incorporated in 1846, for the purpose of furnishing its members with opportunities for social entertainment and intellectual improvement. The first books, 651 in number, were purchased with funds contributed by the corporations and citizens of the village in 1847. These volumes, with the gradual additions that made the whole number about 900, were held and used by the Institute until the year 1853, when they were offered to the town as a foundation for the establishment of a permanent public library within its limits, upon the following terms and conditions, as appears on the records of the town for that year, viz :

First—That the Town shall annually appropriate and expend for the improvement and increase of the Library a sum not less than One Hundred Dollars, for at least ten years successively, and also such further sums as shall be required for the ordinary and incidental expenses of its care and management.

Second—If the Town shall at any time during said ten years, fail so to appropriate and expend said annual sum, the Library, with all additions that may have been made thereto, shall revert to the Institute, which shall be entitled to resume the possession and exclusive control of the same, and revoke this gift.

Third—During said term of ten years, the management of the Library and the expenditure of all moneys appropriated, or in any manner bestowed for its benefit or increase, shall be confided to a joint committee of the Town and Institute, of which the Institute shall be entitled to elect five members ; and the Town, or in default thereof, the Selectmen, may appoint any number not exceeding five ; and in case each shall appoint an equal number, the chairman shall be selected from the members chosen by the Institute, and shall have a casting vote in addition to his vote as a member of the committee.

Fourth—Members of the Institute who may not be residents of the Town, shall not be debarred by means of this arrangement from the enjoyment and continuance of all rights and privileges secured to them by the Regulations and By-Laws of the Institute, subject to the conditions and provisions thereby imposed.

Fifth—The Librarian shall be appointed by the Selectmen, or in such other manner as the Town may direct.

Sixth—If at any time the Library shall cease to be held, used and maintained as a Public Library, or shall be diverted to any purpose inconsistent with the objects for which this gift is made, it shall revert, with all additions that may have been made thereto, to the Institute, which shall be entitled to resume exclusive control and possession of the same, and revoke this gift.

In Town Meeting, April 4, 1853 :

Voted, That the Town accept the proposition of the Cabot Institute now presented to the Town.

Voted, That the Selectmen of the Town be a committee, ex-officio, on the part of the Town for the present year, to be joined with the committee of the Institute, in the adoption of such measures as may be necessary to establish and maintain a Public Library, in the manner contemplated in the above recorded votes of the Town.

The Town having complied with the foregoing conditions, assumed full possession and control of the Library in April, 1863 ; and voted to vest its entire supervision in a Committee to be chosen annually by the Selectmen, and to charge each person drawing books thereafter the sum of fifty cents per annum for the privilege. This change from a free to a subscription system was made from the impression, or opinion, that higher value would attach to, and greater interest centre in, a pur-

chased privilege than in one wholly gratuitous, and also for the purpose of acquiring a small fund to meet incidental expenses and keep the books in proper repair. The experiment has proved a successful one in both particulars, and has not only relieved the Town from all payment of current expenses, but has enabled the Library to purchase some books, and to accumulate a surplus fund which amounted to upwards of \$400 at the close of the year ending with February, 1874.

The first catalogue was issued in 1846; the second in 1859. The latter was followed by an "Appendix" in 1862, which was subsequently incorporated, with further additions, in the "Supplement" of 1866. These were all simply lists of titles, with the surnames of the authors, arranged in chapters having a very general classification. The consecutive numbers of the books prevented all classification on the shelves of the Library.

The Library remained in "Cabot Hall Building" for 24 years—suffering only one disturbance during that time, the episode of removal from one room to another—until the completion of the town building, when it was moved to its present quarters, in January, 1872.

The financial history may be briefly recorded.

The expenditures for all purposes during each of the twenty-two years that the Town has either partially or wholly managed the Library are given below :

Year.	Expenditure from Town Appropriation.	Year.	Expenditure from Town Appropriation.	Expenditure from Library Funds.

The year ends with the last day of February.

From 1854 to 1863 the Library was free, and of course had no funds beside the town appropriation or allowance of \$200, more or less. From 1870 to 1874, the dog-license money annually refunded by the county treasurer has been placed to the credit of the Library, by vote of the town, in conformity to a law of the Commonwealth.

EXPLANATION.

THE following Catalogue has been made upon the approved plan of embracing in a single list, intended to be strictly alphabetical in every part, the following particulars pertaining to the description of each book, to wit: the name of its author; its title; its subject, or the class to which it obviously belongs. Any person may readily find a desired book in the catalogue from a knowledge of any one of these particulars.

The articles *a* and *the* have been generally disregarded in the alphabetical arrangement of the titles.

The date and form of all but anonymous works are printed under authors' names only.

All the volumes of a work have the same number; but, with those works which embrace a variety of topics, a table of contents is given, so that the part wanted may be readily found.

References are made from pseudonyms to real names.

Names of authors are given in their vernacular form.

The following abbreviations are used: Bd. for bound; [n. d.] for no date; Ed. for edited or edition; ser. for series; *Pseud.* for pseudonym; Transl. for translated.

Dashes are used to save the repetition of names and topics.

CATALOGUE.

NOTE.—Two numbers, separated by a period, are given to each book, the larger of which denotes the shelf, and the smaller the place of the book on the shelf. In drawing, both numbers must be stated.

A star [*] prefixed to the number denotes that the book is not to be taken from the room.
